The Journey Starts!

Saturday the 3rd of May, Morten came to pick Jens up at 9:45AM

We got the car packed and went on our way.

First stop - Fleggaard - Where we bought snacks, food and some soda.

After this first stop, we had an extra 2, to charge the car and stretch our legs.

For entertainment on the way, we heard great music and joked around with license plates.

We got to our Airbnb at
Schützenstraße 34 - Düsseldorf
We arrived at around 8:45PM

Arriving in Düsseldorf / Our Airbnb

After 11 hours of driving, we finally arrived in Düsseldorf.

Now we got our first look at where we have to live for next following 2 weeks.

And as you can see, it was not the most fancy, but it had, what we needed.

And more important, there was space for all the nutella we bought

Spare Time!

Through the 2 weeks of our exchange trip, we got the opportunity to experience a lot of different things, and a lot of different cities.

All these small trips gave us a better understanding of the German culture and an extra chance to use our English and German language.

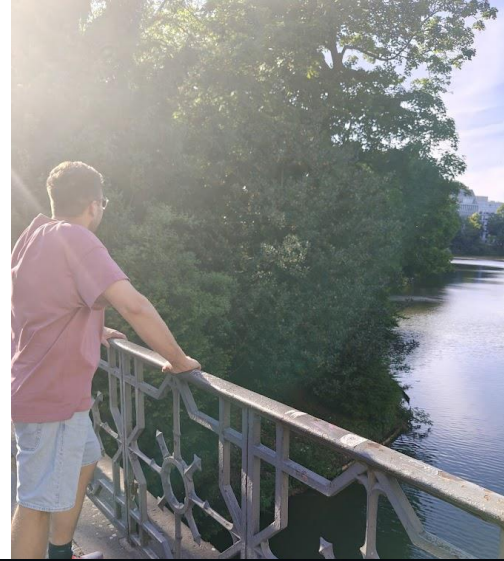

The City of Düsseldorf

We went to the city almost everyday and enjoyed :

- The sights
- The shopping district
- The food,
- The drinks
- The culture

We also went to the Rhein a few times
